Declaration of Conformity to EU Directive 2011 / 65 / EU (RoHS)

Dear Ladies and Gentlemen,

we kindly ask to understand, that the processing of individual structured questionnaires to one or also to more criterias at once submitted to us is not possible.

With this letter you get a statement for the here handled and concerned topic „**RoHS**“.

Kaltenbach Elektrotechnik is a leading supplier of basic materials and components, which are used covering all aspects around coil windings. Including magnet wires, wires and cables, metal braidings, thermal and electrical insulating sleeveings, heat shrinkable sleeveings, surface insulation materials, laminates, impregnants and casting compounds.

Kaltenbach Elektrotechnik is aware that the EU Directive 2011 / 65 / EU (RoHS) is limiting the use of certain hazardous substances in electric and electronic equipment.

In particular the following 6 substances are listed:

- Mercury
- Chromium VI
- Cadmium
- Polybrominated biphenyl (PBB)
- Polybrominated diphenyl ethers (PBDE)
- Lead

The following statement regarding conformity of our products to the EU Directive 2011 / 65 / EU (RoHS) is based on our actual research and inquiries with our suppliers and producers:

- The shares of above mentioned substances in our products and in the products of our partners are not exceeding the limits as defined in the RoHS Directive.
- The RoHS status of many of our products is listed on data sheets, in catalogues or in our product data base (see www.kaltenbach-online.com).

Yours sincerely
Kaltenbach
Elektrotechnik
Karl-Otto Kaltenbach
